WATCHFIELD-BASED CHARITY CELEBRATES FUNDING SUCCESS

Watchfield-based charity Root & Branch has recently received a £20,000 grant from the Lloyds TSB Foundation for England and Wales. The grant will provide vital funds for the day-to-day running of the charity, including staffing, over a 2 year period.

Root & Branch is a therapeutic gardening and rural craft charity for people with mental health difficulties. The project is located on an organic farm in beautiful countryside and meets the needs of people living throughout the Vale of the White Horse. The charity offers people the chance to take part in a range of interesting activities including organic gardening, wood and metal work, handicraft and cookery.

Faith Mitchell, Manager, said: "This is great news for us, and for the people we help. We're delighted to get the support of Lloyds TSB and be able to continue our work".
